

HP Device as a Service (DaaS)

SMART, SIMPLIFIED COMPUTING SOLUTIONS FOR TODAY'S WORLD

Boost employee productivity and IT efficiency with world-class computing solutions from HP Device as a Service (DaaS). Get everything you need, and nothing you don't, from hardware and accessories to lifecycle services and support, with one contract and a fixed price per device.

WHY HP DEVICE AS A SERVICE?

Offload the time-consuming tasks of device support and lifecycle management and start focusing on what moves your business forward. Reduce the complexity of purchasing computing solutions with flexible, predictable plans and easy quote building that make it simple to tailor a solution, regardless of your business size.

The right devices for the job

Choose a device and accessory mix that's as unique as your business, with a selection of the latest PCs, notebooks, mobile and specialized devices.

Manage with insight

Optimize assets and resources so you can focus on strategic projects. HP puts its expertise to work for you with real-time analytics, insights, and proactive management.

Flexibility for your business

Simple, yet flexible plans that scale to your business needs. Tailor your agreement by adding lifecycle services to supplement your core plan.

AS YOUR TRUSTED PARTNER, HP DELIVERS:

- Broad product portfolio
- Extensive commercial experience
- Global footprint
- Expert support
- Multi-layered, enterprise-class HP security
- Convenience of a single contract and per-device pricing¹
- Next-business-day break/fix repair services plus accidental damage protection²

END-TO-END LIFECYCLE SERVICES

Our full portfolio of service options covers every phase of the end-user-device lifecycle—from start to finish—for HP devices and other brands. Our Customer Success Manager and expert consultants will help you choose a program to optimize your technology investment.

DISCOVER AND DESIGN

Create your ideal tech environment with our assessment, design, and planning services.

CONFIGURE

Save time and increase productivity by having your custom images and settings installed at our facility. Or, take more control with HP's new Dynamic Configuration Service and leverage industry-standard system management tools to dynamically configure your devices just before shipment.

DEPLOY

Hit the ground running by letting HP handle everything from logistics to installation to data migration.

OPTIMIZE

Get the most out of your IT environment through helpdesk services, priority support, and staff augmentation.

MAINTAIN

Relieve your IT staff of maintenance hassles by letting HP handle onsite service, accidental damage protection, and more.

DISPOSE AND REFRESH

Keep your technology current by letting HP securely and responsibly manage hardware that's at the end of its lifecycle – and then deliver new equipment to your users.

HP DaaS

ONE SERVICE, COMPLETE SUPPORT

By combining hardware and services into a single contract with one monthly payment, HP Device as a Service can help improve your cash flow, preserve capital to invest in other IT priorities, and support predictable and consistent IT budgeting. An HP representative, or authorized DaaS partner, will work with you to determine the needs within your organization—from executives and office workers to road warriors and sales teams—to ensure you have the right plan in place.
